News from Patrick Last week of School. RV Challenge will be this week. 5th grade graduation will be this Friday outside on the basketball courts where they will get certificates and recognition. Building consolidation project has been approved and work will begin soon. New addition will be prioritized, assuming all goes well we will have one more school year here at the busilings before we all start at the High School Building. Career Day had low attendance this year, hoping we can get more involvement next year. First batch of summer reading books should be coming home this week. Additional books will be given out this year at summer school.
